See **Class Schedule** on back.

Goals:

- To provide a wide assortment of paint application and industry topics to all paint professionals through our hands-on approach
- To educate sign professionals with the most current information on our new and existing products
- To boost the efficiency and production of paint applicators

Participants Receive:

- Training manuals
- Latest technical and safety information
- Various substrate samples you'll paint and take with you
- MPC T-shirt
- Hands-on substrate preparation and primer/paint application
- Wet film gauge, mixing cups and mixing stick
- Breakfast and lunch on class days
- Certificate of completion

Topics Covered:

- Safety
- Material safety data sheets
- Volatile organic compound (VOC) review
- Primer and paint chemistry
- Fundamentals of painting
- Shop and spray equipment
- Substrate cleaning and preparation review
- Matthews primers, topcoats, basecoat capability, metallics, clearcoats, cleaners, additives and specialty products
- Basic troubleshooting
- Mix station overview
- Online color retrieval process
