

The Proseco Collection

Silver-based Colors for Highly Refined Sign Designs

To create attention-grabbing sign graphics, specify the Proseco Collection of colors. These seven silver-based colors benefit from the color travel effect, altering the perceived color as people approach. This distinct look fits in a variety of environments, from warm classic to cool techno.

Features & Benefits:

- Creates a unique and distinct look
- Seven silver-based colors available
- Elements of color travel has been incorporated alternating the perceived color as the viewing angle changes
- Used in a variety of environments from classic to cool techno
